VEHICLE ABATEMENT

Orange County Sheriff, James A. Musick, has announced that his department has nearly completed preparations to enforce a vehicle abatement ordinance, which the Board of Supervisors enacted on December 4, 1973. The ordinance gave the Sheriff's Department the authority to cause the removal of certain vehicles from private or public property, as a public nuisance.

Sheriff Musick stated that the ordinance will apply to the unincorporated areas of the County, and is limited to a vehicle, or parts of a vehicle, which is either abandoned, wrecked, dismantled, or inoperative. The ordinance is directed towards those vehicles

There is an old joke about the Lone Ranger. He and Tonto were hidden behind some rocks, with scores of Indians thundering down upon them. "We are really in trouble, Tonto," exclaims the Lone Ranger. Whereupon Tonto haughtily replied, "What do you mean 'we', Paleface?"

There are a lot of political and philosophical pundits floating around who are quick to use the term 'we' everytime a crisis confronts Americans, the object being to include everybody in the act, a shareholder in the offense, a participant to the crime.

Thusly, we ALL are supposed to feel responsible for the acts of others. Group Guilt is the emotion we are supposed to exhibit. collectively we are expected

Coin Club Celebrates National Coin Week

The Leisure World Coin Club has announced a National Coin Week program to take place in Clubhouse No. 3 Wednesday April 24 using the theme "History In Your Hands."

The event will offer the audience an opportunity to see coins, tokens, medals and paper currency. Exhibits will be set up by many club members.

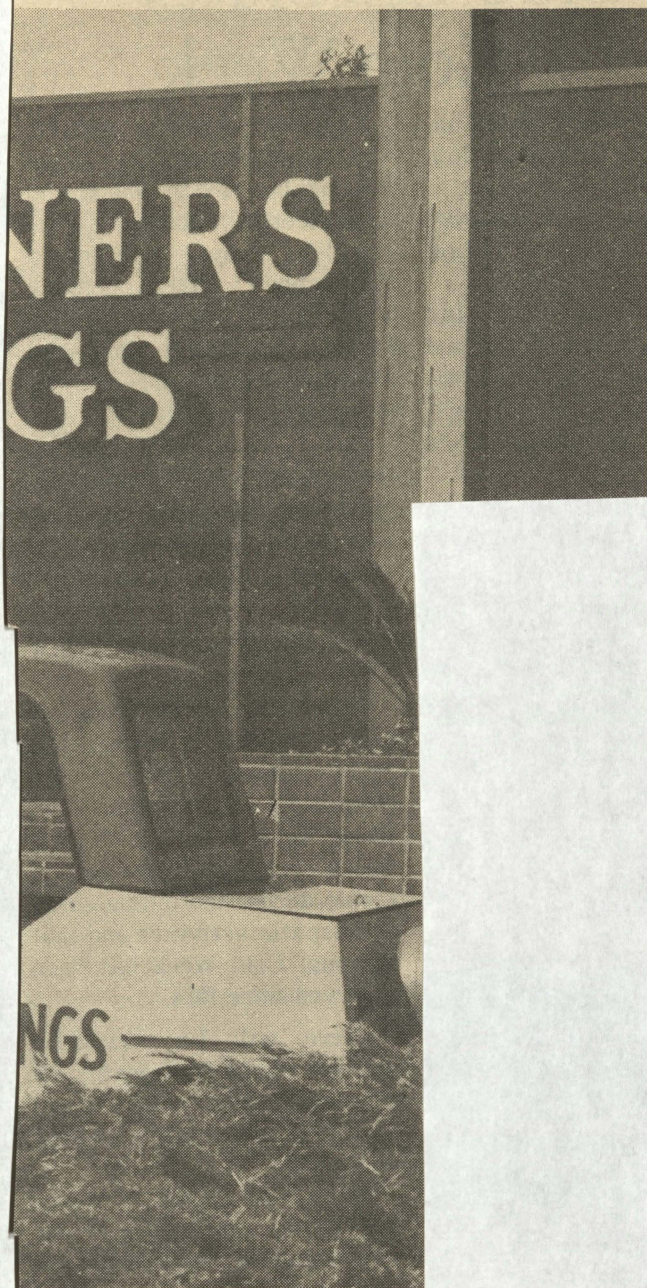

Featured displays will be "So-Called Dollars" by Clifton Willoughby, vice president and auctioneer; "Crowns of the World" by Margaret Willoughby; "18th Century Trade British Tokens;" "Ex-Numia" by Philip Kohn and "Foreign Paper Currency" by President Len Sterling.

This is the golden anniversary of National Coin Week as sponsored by the American Numismatic Association and should be attended by everyone interested in the story of money.

Mayor Thomas Blackman of Seal Beach, issued a Proclamation for the celebration of National Coin Week, April 21 through 27, and stated that many thousands of people across the nation enjoy numismatic activities and that National Coin Week has been observed since 1924.

There will be a regular auction, early bird prizes for members, and refreshments for all in attendance provided by the club.

Seven new members signed up at the April 10 meeting, announced Milfred McKeown club secretary. The program was attended by over 100 people interested in "Counterfeiting Coins and Currency."
